The bag must be securely closed and will be collected, stored, and returned at the end of the race. Athletes are strongly advised not to leave valuables (mobile phones, wallets, etc.) inside their bags, as the organizing committee cannot be held responsible for any theft, loss, or damage.

The race bag will be returned only upon presentation of the race bib.

TIMING

Timing services are provided by EVODATA – Timing & Data Solution. Time measurement and results processing will be carried out using a system based on an active transponder ("chip"). Tampering with the chip is strictly forbidden. Athletes who in any way damage the chip will not be timed and will not appear in the official results.

For each athlete, the following will be recorded: the official time (from the starting gun to the finish line), the net time (from crossing the start line to the finish line), and several intermediate splits to ensure correct participation and accurate results compilation.

The chip does not need to be returned. Further information regarding timing will be published on the website www.trentorunningfestival.it in the weeks leading up to the race.

TIME LIMIT

The time limit to complete the race is set at 3:00:00 hours, after which the organizing committee cannot guarantee that the course will remain closed to traffic. A cut-off point is scheduled at the 10 km mark after 1 hour and 30 minutes.

Athletes who fail to meet the time limits must comply with the rules of the road traffic code.
